13th July 2018

TO WHOM IT MAY CONCERN

This is to certify that **Miss. Hafsa Saad Syed** has worked in this Firm as a student intern from 31st May 2018 to 12th July 2018.

During the period Hafsa assisted worked conscientiously on the development of various simple architectural and interior elements for industrial and healthcare projects. Her work was mostly focused on developing her understanding of the ways of a professional office in which she showed satisfactory progress during her internship.

We found her to be hardworking, intelligent and dedicated to doing her work well. She is a conscientious worker and strives to better herself.

Ahed Associates was established in 1964 and continues to be a leader in providing award winning designs and professional services to Pakistan for Universities, healthcare, food and Pharma industry and major healthcare facilities such as the Aga Khan University Hospital and the 800 bed Liaquat National Hospital. We have worked with numerous international partners such as SOM, Yamashita Sekkei Japan, Payette Associates, US Air Force Engineering corps on diplomatic missions, master planning, architecture, engineering and infrastructure projects. Additional information on the firm may be had from our website www.ahedassociates.com and on www.facebook.com/ahedassociates.

We wish her every success in her future plans.

for **AHED ASSOCIATES**
